

Early Childhood Opportunities Leadership, teaching and maternity leave roles

Want to teach in a community centre? In a supportive and caring environment?

Waiapu Anglican Social Services has early childhood services that are:

Centre based

Homebased

Playgroups

in a range of communities – urban, rural and in isolated communities in the Bay of Plenty, Eastland and Hawkes Bay regions.

We keenly seek teachers and leaders to guide, support and positively challenge our EC team in the day to day delivery of our programmes.

We regularly have senior staff on maternity leave and are keen to support them as well as maintain service provision so welcome expressions of interest to take up the leadership in their absence.

Good communication and current curriculum programming are essential.

We are well supported with Whanau/Family Support workers aligned to many of our early childhood services and have a strong kaupapa of relationship building and empowering families.

If you would like to know more then contact or show expression of interest to:
